*House of Delegates Candidate, 58<sup>th</sup> District  
Conservative Republican*

*Biography – Alan Blake Thompson*

*I graduated from the University of Tennessee in 1987 with a Bachelor of Arts degree in Political Science. Upon graduation I moved to Washington, DC to intern for Senator Strom Thurmond from South Carolina.*

*While living in Washington, DC, I worked for the Republican National Committee, a Republican fundraising arm of the party, MetroPoll, a political data company, American Viewpoint, a political polling firm, The American Communications Group, Inc., a lobbying firm, and Election Data Services, Inc., a political geography company.*

*In 1996, I started Blake Business Services, Inc., a printing and mailing company. We had been a successful small business for 13 years, until the down turn in the economy forced me to close Blake Business Services, Inc. in 2009. I currently serve as an Agency Development Manager for Colonial Life and Accident serving the Eastern Panhandle of West Virginia and the Commonwealth of Virginia.*

*I reside in Charles Town, WV with my wife Jennifer and our 4 children. Lindsey, 24 is a graduate with honors from West Virginia University, Moses is 10, Bo is 8, and Sam is 6. They attend South Jefferson Elementary School. Our family is quite diverse as we adopted our sons from South Korea.*

### **TOP THREE PRIORITIES**

- 1) Jobs/Economy – Bringing business/companies to Jefferson County that will provide good paying jobs, expand the commercial tax base, and assist in building out the infrastructure for managing the growth that will occur in Jefferson County.*
- 2) Less Government – Government is to adhere to its legitimate constitutional functions. Spend only what is necessary, and tax only to raise revenue for essential government functions, such as the courts, police, and education. The government is not to intrude into people’s lives, family or community. Government is not to tell people how to live their lives, exerting more government control over people while taxing them to death, squandering billions on pork barrel projects, entitlements, and special interests. “WE THE PEOPLE...”*
- 3) Lower/Cut Taxes/Reduce Government Waste - Tax policies are to support the families of Jefferson County, promote savings and innovation, and put us on a path to fundamental tax reform. Cut personal property taxes. Let citizens have more money in their pocket to invest in home, property, children’s education, and health care.*
